### FURTHER INFORMATION CONTINUED FROM PCT/ISA/ 210

Continuation of Box II.1

Although claims 1 to 6 and 14 to 16 are directed to or may comprise a diagnostic method practised on the human/animal body, the search has been carried out and based on the alleged effects of the compound/composition.

Although claims 18 to 20 are directed to a method of treatment of the human/animal body, the search has been carried out and based on the alleged effects of the compound/composition.

#### INTERNATIONAL SEARCH REPORT

remational application No. PCT/EP2004/000027

Box II Ob	servations where certain claims were found unsearchable (Continuation of item 2 of first sheet)
This internat	ional Search Report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:
bed bed	ims Nos.: rause they relate to subject matter not required to be searched by this Authority, namely: re FURTHER INFORMATION sheet PCT/ISA/210
bec	tims Nos.: cause they relate to parts of the International Application that do not comply with the prescribed requirements to such extent that no meaningful International Search can be carried out, specifically:
bec	tims Nos.: cause they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).
Box III Ob	servations where unity of invention is lacking (Continuation of item 3 of first sheet)
This Internal	tional Searching Authority found multiple inventions in this international application, as follows:
1. As sea	all required additional search fees were timely paid by the applicant, this international Search Report covers all archable claims.
2. As	all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment any additional fee.
3. As	only some of the required additional search fees were timely pald by the applicant, this International Search Report vers only those claims for which fees were pald, specifically claims Nos.:
4. No res	required additional search fees were timely paid by the applicant. Consequently, this International Search Report is stricted to the invention first mentioned in the claims; it is covered by claims Nos.:
Remark on	Protest  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.
